# Ob-Gyn Risk Alliance

Underwritten by  **PROASSURANCE.**  
Treated Fairly

- **Designed Exclusively for  
Obstetricians and Gynecologists**
- **Unique Patient Safety Focus**

*With the **Ob-Gyn Risk Alliance** you are more than an insured—you are a member with exclusive benefits.*

### **Focused 100% on Your Specialty**

The Ob-Gyn Risk Alliance is the first medical professional liability insurance program established exclusively for you. The Alliance is led by a team of practicing Ob-Gyns to ensure your best interests are addressed. You receive specialty-specific coverage, underwriting, pricing, claims handling, and risk resource services.

### **Superior Strength and Stability**

You can count on the financial strength and protection of this unique program. Policies are underwritten by one of the ProAssurance Group companies—rated A+ (Superior) by A.M. Best.

ProAssurance:

- is one of the largest medical professional liability insurers in the U.S.;
- has been selected as a Ward's 50<sup>®</sup> top insurance company every year since 2007; and
- has spent decades defending good medicine and is committed to treating you fairly.

### **Program advantages:**

- 25% up-front risk management credit based on your agreement to work with us to enhance patient safety
- a stake in the program's success—including profit-sharing premium renewal credit if the Alliance experiences favorable loss ratios
- preferred underwriting
- enhanced policy terms—such as separate primary limits for mother-and-child and an extended 60-day reporting period for claims without an assertion of liability\*
- "consent to settle" provision (where permitted)
- a personalized, differentiated defense, backed by financial strength and marshaled by defense counsel who specialize in Ob-Gyn claims
- representation by practicing Ob-Gyns—who comprise the board of directors as well as claims and underwriting committees

### **Patient safety focus helps you:**

- enhance patient care and satisfaction by way of a free medical practice site survey with customized feedback and assistance to help improve office processes
- reduce risk by increasing your awareness of today's Ob-Gyn liability issues through educational activities, including online CME courses
- get answers to your risk questions and concerns through phone consultations with experienced Risk Resource Advisors
- save time, improve your practice, gain greater control, and reduce uncertainty through a wide array of Ob-Gyn-specific patient safety tools and resources—with new services added each year

*\* Not available in Wisconsin.*

*Your time commitment to our educational activities is minimal; the benefits to you and your patients are immeasurable.*
